Upon the basis of complete but unofficial returns from all 36 precincts in the county election Tuesday, Harry L. Reese, of Pollock Pines, has a margin of 24 votes over Kenneth McCoy, of Shingle Springs, in the race for school Superintendent;

Sheriff George M. Smith is re-elected; Don M. Hoffman has been named County Surveyor; and W. F. Truscott, incumbent deputy, is elected full-fledged to the office of County Tax Collector.

It should be borne in mind that the figures presented here-with and in the accompanying table are "unofficial," but that they were taken from the election return sheets turned in to the county clerk by the various election boards. In the result for School Superintendent the figures were re-checked with the tally sheets and were found to be correct.

The count stands:
For School Superintendent, Reese 2,718; McCoy, 2,694;
For Sheriff: Smith, 2,949; Bathurst, 2,577, a margin of 372 votes;
For Surveyor: Hoffman, 3,224; Lahiff, 2,049;
For Tax Collector: Truscott, 2,877; Miss Cook, 2,546; a margin of 331 votes.

There are 272 absentee ballots in the election which will be counted by the Board of Supervisors on Monday.

Attention is directed to the accompanying table for the vote by precincts on the election for Governor, for Lieutenant Governor, United States Senator, the contested county offices, and certain of the twenty-five propositions on the ballot which are believed to be of major interest.

CARROLL MILLER ASSIGNED TO PEAR PROMOTION IN SOUTH STATES

Corroll Miller, of Cool, left Wednesday evening for the southern states where, during the next two months, he will be a sales promotion representative in behalf of fall and winter pears.

Mr. Miller is in the employ of the Oregon-Washington-California Pear League and was selected for the post from a large field of applicants, on the basis of his qualifications as an eastern representative for the California Fruit Exchange two seasons ago, supplemented by his packing house experience gained during the past two seasons with the Placerville Fruit Growers' Association.

The announcement of Mr. Miller's assignment was made by L. W. Veerkamp, of Gold Hill, a director of the pear league who stated that Mr. Miller's field will embrace the larger centers between El Paso and Atlanta, extending possibly as far south as Miami, Florida.

ARMISTICE DAY, 1938

Armistice Day Program Told By American Legion Committee

El Dorado County's community observance of Armistice Day will, as usual, be under the direction of El Dorado Post No. 119, American Legion, and plans for the day were announced Thursday morning by the post commander A. N. Weber.

EASTER MARRIAGE TOLD BY ELLA RODDAN, BILL CLARK

Mr. and Mrs. William Clark last Sunday revealed to relatives their secret marriage last Easter Sunday.

Mrs. Clark is the former Ella Roddan, daughter of Mrs. Verna Roddan, of Placerville, and a graduate last Spring at the county high school.

Her husband, son of Mr. and Mrs. Elmer Clark, of Caldor, is a graduate of the county high school in an earlier class and is widely known throughout the county as an athlete.

Mrs. Clark has been attending school at the University at Berkeley this year and her husband is employed in the bay district.

Their announcement came as a complete surprise to the family as well as to their many friends, with whom we join in all good wishes.

The observance will begin with an invitational dance by the American Legion Post this (Thursday) evening, at the Shakespeare Clubhouse. Although the event is announced as "invitational," friends of the post will be welcome to attend.

On Friday morning there will be a six o'clock salute fired by members of the post and formal doings will begin at ten o'clock when the parade of veterans' and other civic and fraternal orders as well as school children and Boy Scouts and Girl Scouts, will form at the War Veterans' Memorial building.

The procession will march to the foot of Main Street and then return to the bank building where, upon an open air platform, the formal exercises of the day will be conducted under the guidance of Commander Weber.

There will be a moment of reverent silence as the bell on the plaza tolls. (Continued on page 3)

MILLIONS AWAIT ARMISTICE DAY

Twentieth Anniversary Shows In Bold Relief Consequences Of Peace Made Nov. 11 1918

NO PAPER FRIDAY

In observance of Armistice Day, Friday, no paper will be published.

By JOE ALEX MORRIS

(Copyright 1938 by the United Press)

Millions of persons will pause for a moment of silence tomorrow on the 20th anniversary of an armistice in a war that never ended.

Every year since 1918 they have stood in silence at the 11th hour of the 11th day of the 11th month to commemorate the sacrifice of other millions who died that the world might be freed from military terrorism, made safe for democracy.

Tomorrow for the first time in two decades there stands out in bold relief the consequences of that moment when a numbing silence settled over trenches still wet with crimson mud.

In trenches of the allied armies it was a silence pungent with hope that men might walk in a new era of peace. In trenches of the German armies it was a silence sick with the despair and disaster of complete exhaustion.

That was 20 years ago. Babies born on Armistice Day have grown up. The fields where 8,000,000 men fell in shrapnel-churned mud are ploughed and harvested again. Most of the generals are gone, and the statesmen — their heroisms and blunders no more than the dust on their discarded epaulettes; their dreams but dust on once glistening hats.

Germany, reduced to poverty by four years of war, has triumphed in 20 years of fretful peace. The League of Nations, born of a war wearied world's desire to guarantee the future's freedom, has been submerged in a rising sea of totalitarianism.

The aftermath of four years of death and suffering produced no victor, no vanquished, only a new technique of warfare which on this Armistice Day has made the world's new era a time of fear and uncertainty.

MAURICE VEERKAMP NEW CHAIRMAN OF COLOMA FARM CENTER

Maurice Veerkamp, of Gold Hill, was elected chairman of the Coloma Farm Center at its recent meeting, according to reports received during the week at the office of the farm advisor.

Harry Reaside was named vice-chairman and Mrs. Violet Reaside had been named, at an earlier meeting, to the post of secretary.

Rev. Barron To Address Club

Rector Is Guest Speaker At Program Meeting Nov. 15; "Mexico" Travel Subject

The Rev. Rex Barron, of the Church of Our Saviour, will be the guest speaker at the program of the Shakespeare Club, which will be held on Tuesday afternoon at the clubhouse.

This is the regular program meeting for the month and is being arranged under the chairmanship of Mrs. Robert Carpenter, Sr., the club's program chairman.

The Travel Section of the club met on Tuesday of this week under the leadership of Mrs. M. P. Bennett, chairman, and convened in the Memorial Room of the clubhouse. The theme for the meeting was "Mexico," and the occasion was one of a series of such studies, arranged so that the members may share an increased appreciation of the displays to be made by Mexico at the coming world's fair at Treasure Island.

Miss Mary O'Donnell gave an interesting talk on the art and architecture of Mexico from the time of the Aztecs until the present day, and spoke particularly of the paintings by Diego Rivera. She read many extracts from articles by contemporary writers on Mexico, descriptive of the arts which her talk concerned.

Mrs. Robert Sinclair gave a talk on Mexico City and displayed an interesting collection of photographs, musical instruments, pottery and weaving, all of which provoked a happy reminiscence of historical value.

Mrs. Bennett read extracts from a descriptive letter written by Miss Edwina Anderson to a relative while she was in Tasso, a city within 150 miles of Mexico. Miss Anderson is a former Placerville resident and a graduate of the county high school, now a prominent educator in the southern part of the state. The feature of her letter, and of her local residence and acquaintance and friendships gave added interest to the meeting.

2 ESCAPE SERIOUS HURTS IN MEETING WITH TRAINED LION

Mr. and Mrs. Ed. Bowman, of Springvale district, have recently received a letter from Mrs. Bowman's sister, Mrs. Joyce Davis, at Mt. Pleasant, Texas, reporting on an incident there in which Mrs. Davis and her daughter, Sue Ann, miraculously escaped serious injury in an encounter with a trained circus lion.

The lion was a part of the equipment of an attraction appearing at the county fair grounds there and had been taken outside its cage to the front of the tent for "ballyhoo" purposes, when it escaped from its trainer and rushed inside the tent.

Spectators fled in panic and among them were Mrs. Davis and her daughter, both of whom were clawed, the mother once on the leg and the child cut four places on the head, by the beast. Both were knocked down and the animal stopped over the prostrate form of the child and took the youngster's right shoulder in its mouth.

Without thought of herself, Mrs. Davis jumped to the spot and grasped the animal's upper jaw. By some miracle, she admits it was not her strength, the animal did not close its jaws.

A subsequent doctor's examination caused the physician to marvel that Sue Ann had not been seriously hurt. Antitoxins to guard against infection were administered and it appears that the two will suffer no permanent ill effects for their none the less terrifying experience.

Mrs. Alfred R. Liddicoat and Mrs. E. D. Meyer were among the visitors in Sacramento on Wednesday.

EMPIRE OFFERS MUSICAL, WESTERN FEATURES FOR SATURDAY

The manufacture of hit tunes is by all odds the most unpredictable phase of the making of motion pictures; yet tunes in a film production are as vital to its welfare as story and good acting. Recognizing this fact, the makers of "Breaking the Ice," the new picture starring Bobby Breen, which comes to the Empire for Saturday only decided to minimize as far as possible gambling from movie music, and so selected composers who had produced hits of world-wide popularity.

Frank Churchill, who collaborated in the writing of the tunes in "Snow White and the Seven Dwarfs," composed three of the catchy numbers which young Breen sings in the picture. The lyrics for them were written by Paul Webster.

These numbers, which seem destined to reach the top in musical honors, are: "Happy As a Lark," "Put Your Heart in a Song," and "The Sunny Side of Things."

"Black Aces," another outdoor Universal drama of the West, starring Buck Jones is the second feature on the Saturday bill.

Rescue Residents Thank 4-H Club Members

A number of the residents of the Rescue district have asked us to express publicly their appreciation and thanks to the Rescue 4-H Club members for putting up the signs in the community which designate the names of the persons living on the various farms.

The signs, neatly done in green and white, are posted at the gate of each farm, giving the name of the family residing thereon. The Rescue 4-H Club is living up to its name—"Up and Coming."

Mr. and Mrs. J. T. Donahue, of San Francisco, are visiting Miss Mary O'Donnell.

BUTTER MERCHANDISING DRIVE TO ASSIST DAIRY INDUSTRY

SAN FRANCISCO—One of the most important food campaigns undertaken in 1938 — designed to reduce an all-time high supply of butter — opens today.

In the cold storage plants of the nation are 210,000,000 pounds of butter with production going on at the rate almost sufficient to supply the regular demand.

California's 60,500 dairy farmers, to cope with this emergency, have organized a Milk Producers Stabilization Committee. Joe Hart of Modesto is chairman of the committee in Northern California, and under his leadership, the dairymen and dairy associations will lend an effort during the next two weeks, November 10 to 26 to encourage and increase sales of dairy products.

The support of 37,000 retail stores of the corporate chains, affiliated with the National Association of Food Chains, has been pledged in this drive," said Hart. "We will also have the help of thousands of retail stores associated with the Independent Distributors Council. The entire campaign will be directed toward moving into consumer channels this great stock of butter, 5,000,000 pounds more than the five-year average."

39TH NATIONAL AUTO
SHOW OPENS FRIDAY
AT NEW YORK

By JAMES C. AUSTIN
United Press Staff Correspondent

NEW YORK, (U.P.)—Motor car manu-
facturers, hinting that their new offer-
ings are the "most car for the money"
ever to roll off assembly lines, present
first public proof of their claims here
tomorrow at the opening of the 39th
National Automobile Show.

Twenty-six or more exhibitors have
several hundred passenger cars, com-
mercial vehicles and chassis on display
in Grand Central Palace for the show's
eight day run. From slender, sleek hood
to streamlined, or "tear-drop" rear,
each car represents a greater margin of
comfort, safety and driving ease than
ever before.

The 1939 models, retailing an aver-
age of \$55 less than their counterparts
of the boom days of 1929, bring the mo-
torist more power, greater visibility
and less driving strain. Manufacturers
confidently expect that 1939 will be a
great year in both production and sales
and that the industry's new and bet-
ter offerings may again lead the coun-
try back to recovery.

Improvements which might have
waited another year have been includ-
ed as standard or optional equipment
in the new cars. New interiors and ex-
teriors trend more strongly to a combi-
nation of functionalism with beauty.

BOOK SEIZED IN CIVIL
WAR RETURNED TO
DIXIE LAND

NEW ORLEANS, (U.P.)—Carter Glass,
La., returned to his home in Lynch-
burg, Va., from the American Phila-
telic Society convention here carrying
with him a book which had been cap-
tured by Northern soldiers from a
Southern home during the Civil War.

The book, a copy of "Don Juan," was
taken by Dr. George I. Rice from the
library of J. W. Forbes at War-
rentown, Va., in 1863. Since then it
has remained in the possession of Dr.
Rice's family.

Rollin E. Fowler, a descendant of
Dr. Rice, said his conscience was bot-
tered. When he came to New Orleans to
the stamp collectors' meeting he car-
ried the book along in the hope he
would find someone who knew de-
scendants of the owner.

A notation on the flyleaf tells the
story of the "capture":

"This book I captured from Warren-
town, Va., about the 26th day of Aug-
ust, 1863, when the whole library con-
sisting of many thousands of volumes
of the late Hon. J. W. Forbes was de-
stroyed by our boys."

The notation was signed with the in-
itials, G. I. R., of Dr. Rice.

Glass promised Fowler he would
take the book back to Virginia with
him and tell his story in the Lynch-
burg paper which he edits. He hopes
to find a descendant of Forbes who
will claim the book in that way.

LAKE TANA AREA LAND OF
HONEY, ITALIAN FARM
EXPERTS REPORT

ROME, (U.P.)—A long, detailed survey
by agrarian experts has just revealed
that the Lake Tana basin is one of the
most fertile regions in Italian East
Africa.

Italian colonial authorities are elat-
ed with the agricultural value of the
soil of this region. They have been as-
sured that crops can be grown with
success and pasturage will be contin-
uous.

The soil is of three basic types—
black, composed of lighter clays as a
result of the mixture of sandy ele-
ments; light colored, which is dryer
and coarser, and red, which is formed
of heavy clays found at the foot of the
valley.

The soil is composed of alluvial de-
posits from the hills, accumulated in
the broad plains and improved by veg-
etable sedimentation through thou-
sands of years. The geological system of
Lake Tana and the surrounding dis-
trict is almost the most recent in all
the Ethiopian plateau and is formed
by volcanic manifestations of the terti-
ary and quaternary periods.

William McFarland on Wednesday
brought suit in Superior Court against
Gertrude Camella Huddy, seeking to
compel the execution of an agreement
relative to a piece of real estate, claim-
ed to have been entered into between
the two on October 28, 1937. The com-
plaint alleges the defendant refuses to
sign the deed so that it may be re-
corded. T. S. Marlor represents the
plaintiff.

Mrs. Anselmo Lewis and infant son
returned recently from San Rafael.

Constipated?

"For 30 years I had constipation, awful
gas bloating, headaches and back pains.
Adlerika helped right away. Now I eat
casseroles, bananas, pie, anything I want.
Never felt better." Mrs. Mabel Schott.
